

# Daily Edmonton Bulletin.

VOL. I.

EDMONTON, ALBERTA FRIDAY, MARCH 13 1903.

No. 60

## TELEGRAPHIC.

**Winnipeg, March 13.**  
**THE GRAIN MARKET.**  
Port William, wheat, No. 1 hard spot, 73c a bushel.  
Winnipeg oats, No. 2 white, 30c a bushel.

**SERIOUS FIRE IN NEW DENVER.**  
New Denver, B. C., was visited by a serious fire.

**SETTLERS FOR THE WEST.**  
Four crowded settlers' trains reached Ottawa.

**DOESN'T WANT TO BE A SENATOR.**  
Rufus Currier, of Windsor, N. S., has refused a senatorship.

**CANADA TO THE FRONT.**  
Canada is the second largest shipper of wheat and flour to Britain.

**IMPERIAL POLITICS.**  
The Irish nationalists have become warm friends of the British government.

**WESTERNERS DEFEATED.**  
In the first game at Ottawa for the Stanley cup, the Portage Thistles were defeated by a score of 6 to 2.

**LOCAL.**  
—Train one and a half hours late.  
—H. Rose went down the line this morning on business.

—W. F. Laidlaw, Port Saskatchewan, was in town yesterday.

—Mrs. A. M. Anderson, of Leduc, is visiting in Edmonton this week.

—Mr. and Mrs. W. H. Parsons returned to Edmonton from the east last night.

—Weather: Yesterday maximum temperature 7 above; to-day lowest, 16 below.

—J. A. Drysdale, of the Brandon marble works, left for Brandon this morning.

—A special meeting of the town council, called by Ald. C. M. Brown, adjourned in the council chamber.

—Mrs. Harvey returned to Edmonton last night from a visit in company with Mr. and Mrs. Parsons.

—Commencing on March 1st the mail for Agassiz, which formerly was carried by the Portage Thistles, is now carried by the Portage Thistles.

—The final game in the Alberta challenge cup series between Strathcona and Edmonton takes place this evening at 8:15 sharp. It will likely be the hottest game of the season, the last to be played this winter.

—D. Simmons, of Port Saskatchewan, is in town to-day. He brought in two loads of hogs which averaged \$100 to the load. These are five loads since the 1st January upon which \$50 was realized.

—H. K. Moberly was successful in passing his final examination for a D. L. S., at the February examination and has commenced practice in the Innisfail district. He served his time as a pupil with A. Driscoll, Edmonton.

**TOWN COUNCIL.**  
A special meeting of the Edmonton town council was held in the council chamber yesterday (Thursday) afternoon at 5 o'clock. Mayor Short and Councillors Galt, Galt, Galt, Galt, Galt and Fraser were present. The meeting was called to hear Mr. Ashbridge's report concerning the tender for sewer piping. Deben Jackson & Fry held the contract to lay a brick sewer on Namayo avenue. The contractors will not be able to procure brick until away on in summer as it was proposed to substitute tile for brick. Mr. Fry recommended this and offered to make a considerable saving to the town if tile were used. Mr. Grant, representing J. A. Stovel, was present and notified the council that as the council held the contract for laying the sewer, his firm's tender for tile now before the council should be accepted as it was the lowest. Mr. Fry retorted by saying that if the new contract would be taken out of his hands he would not agree to throw up his original contract for the brick sewer. However he said that if the town council could get the tiling cheaper in other quarters he would not object only he intended holding the contract for laying the sewer. A lengthy and animated discussion followed and finally it was decided to ask Mr. Fry to prepare figures on the sewer contract, (1) he furnishing the tile (2) other parties furnishing the tile. On motion of Councillors Galt and Galt, the council adjourned to meet Saturday afternoon, March 14th, at 4:30 o'clock to hear Mr. Fry's report.

**EDMONTON TRADE.**  
The following cars of freight came into and went out from Edmonton station from March 9th to March 12th:

Incoming.	Cars.
Stoves for J. A. Stovel.	1
Lumber for W. H. Clark.	1

Pipe for corporation.	1
Nails for Ross Bros.	1
Subsidiary for H. B. Co.	2
Settlers' effects for C. Morris.	1
Hardware for Ross Bros.	1
Lumber for D. R. Fraser.	2
Settlers' effects for W. Teske.	1
Tea for Cushing Bros.	1
Tea for H. B. Co.	1
Settlers' effects for A. Froment.	1
Way cars.	5

There were 9 way cars went out from the station here.

## STRATHCONA WINS THE SECOND GAME.

The second game in the series for the Alberta challenge cup took place last night on the Thistle rink. About 400 people saw a most hotly contested match, the playing being much swifter and of a much superior grade of hockey than that played Wednesday night. At half time the score stood 4 to 0 in favor of Strathcona, and the score clearly represents the relative playing as the big end of the game was played in Edmonton territory. In the second half Edmonton warmed up and became aggressive, keeping Strathcona goal hard pressed. Throughout the game the Strathcona goal kept on being hit, but the Edmonton goalkeepers did not let them in. Special mention should be made of the rushing combination play of the Strathcona forwards. McKernan, at point, repeatedly started in blocking Edmonton rushes. Norman May, Edmonton's cover point, played a brilliant game. He was always at his post playing havoc with Richard's, Ritchie's and Blain's fierce rushes. Several of Edmonton's players do not hold their positions sufficiently close enough. Their great fault is the lack of combination—too much individual playing being indulged in. Goodridge in goal did great work for his team. In the second half Edmonton clearly had the game in their favor. The utmost enthusiasm prevailed throughout the game especially evinced by the loud cheering of the large contingent of Strathcona followers.

The teams lined up as follows:  
Edmonton: Goal, Goodridge; Forwards, McKernan, Blain, Sibley, McLeod, Bolla, Richardson, Robertson.  
Strathcona: Goal, McKernan; Forwards, Blain, Sibley, McLeod, Bolla, Richardson, Robertson.

Goal umpires, Hamilton, Edmonton; Greenway, Strathcona.  
F. G. Green, of Wetaskiwin, a former Winnipeg player and a brother of Billy Brown of Stanley cup fame, refereed the match and gave the very best of satisfaction all round. He gives it as his opinion that either Edmonton or Strathcona could go up against Brandon or other teams we "read about" and stand a very good show to win out. The fault of both local teams is in their lack of head work and tactics, both of defence and attack.

Strathcona scored the first four goals. An interesting point in the game during the first half was a draw off two feet in front of Strathcona goal. Strathcona players lined up in goal and the puck was gradually forced out. The play was very fast, both sides continuing rushing.

In the second half May scored two goals from hits and landed a third within a few feet of the goal which McKernan attended to. A fourth goal was secured by a pretty piece of combination play as seen here this winter, the puck passing among the Edmonton forwards until finally landed in the net. Strathcona scored another goal in the second half, giving them the lead by one goal. Strathcona played a strong defence game in the last ten minutes with Edmonton pressing Strathcona's goal hard at the call of time.

The game was a good one—the result 5 to 4 in favor of Strathcona. The final match takes place to-night and will be the best of the season.

## BREAD CAKES PASTRY.

## THE GREAT WHEAT BELT

(Continued.)

The Town of Edmonton.

The town is situated on the north bank of the Saskatchewan river and overlooks the valley from a height of about 200 feet. The valley at this point is about a mile wide and the river from eight hundred to a thousand feet wide. For beauty of situation Edmonton is not excelled in the west. As both climate and situation are healthy, and being in the centre of a rich farming country living is cheap, it has become a desirable place of residence. Since the incorporation of the town every effort has been made to improve these conditions. There are seven miles of graded streets, ten miles of sidewalks and a first class fire protection service which includes a steam fire engine and all modern appliances. In 1902 the town decided to take over the electric light plant and install a waterworks and sewerage system under municipal control. The new electric light service is now complete and in full running order. The capacity is 150 horse-power, capable of carrying 5,000 lights. The light is excellent and the rates moderate. At present 2,000 lights are carried. The same power serves for both waterworks and electric light. Water is taken from the river, and will be distributed from a water tower under ordinary circumstances, and by direct pressure in case of fire. The water and sewer systems are about half installed and will be completed during the coming summer. There will be four and a half miles of water pipes and four miles of sewer pipes when the present system is completed. Both are capable of all necessary extensions. Water is taken from the Saskatchewan so that the supply is inexhaustible and as the river is chiefly glacier fed it is beyond question as to quality. Edmonton is the only town in the west to have both electric light and waterworks under municipal control. The cost of the electric light system is \$45,000 and of the waterworks and sewerage \$50,000 and \$60,000 respectively. There is a complete telephone system, which serves not only the adjoining towns of Strathcona and St. Albert, but extends to Leduc, 20 miles south, Morinville, 20 miles north, and Riviere Qui Parle, 20 miles northwest. Poles are now being gotten out for a line to Fort Saskatchewan, eighteen miles down the river. There are at this date, March, 1903, in all 200 telephones on the system, of which 153 are in Edmonton.

Edmonton makes strong claims as an educational centre. It now has the finest public school building in Canada west of the Great Lakes and has a handsome high school building as well. Both are solid brick, and are complete in every particular. The high school has four rooms, and the public school ten rooms. At present two high school and ten public teachers are employed and the total attendance is over 300. At the last midsummer examinations for the Territories, Edmonton high school passed more pupils than any other school in the Territories, except Regina, and a higher percentage of those trying than any other school. No charge is made to outsiders who attend the Edmonton high or public schools. There is also a Roman Catholic separate school having four classrooms and an attendance of about 150.

Being a wholesale point goods of all kinds are brought to Edmonton on only in car lots. This ensures the lowest rate of freight, and as the goods are employed in the various lines of business, large and competition keen, retail prices of supplies are lower than at similar places further east, and in many cases will compare favorably with Winnipeg.

As a far buying centre Edmonton is one of the most important on the continent. The furs of all the Mackenzie river system of water ways find their ultimate market through Edmonton and a very large proportion of them are bought here by the great fur houses of the world. There are eight fur buying firms and agencies here, and as a consequence the trader gets all there is in his trade, without delay or expense. Having said his fur well, without going further east, he is naturally inclined to buy his outfit for next year's trade in the same place and he does.

A judge of the supreme court of the Territories resides in Edmonton, and court is held here regularly. There is a detachment of mounted police in charge of an inspector.

As an amusement centre Edmonton occupies a pre-eminent position, having the finest hockey and curling rinks west of Winnipeg, and plenty of men who like to play both games. There is also an opera house, in which the best companies which travel in the west have performed.

As the centre of the most thickly populated and most fully developed farming settlement in the west it is a suitable place for all kinds of agricultural meetings. The Edmonton Exhibition Association has a first class hall mile track and fenced show ground with cattle sheds, stables, and agricultural hall beautifully and conveniently situated. Here the most successful exhibition and race meetings of the far west have been held for years, and the expectation is that it will be bettered this year, 1903.

The leading religious denominations are well represented. The Presbyterian, Methodist, Episcopal, Baptist and Roman Catholic churches would be an ornament to any town. The Presbyterian church, of solid brick, is a specially fine building and is claimed to be the finest Protestant church in the Territories. The St. Joseph's Roman Catholic church is also a very large, handsome and substantial building. The Salvation army have a detachment in Edmonton. There are two hospitals, the General, a large brick building under the management of the Gray Nurse of Montreal, and the Public, which is an enterprise of the charitable people of the town generally. Both are open to all without distinction of creed. There is also a maternity hospital under the charge of the Sisters of Mercy. The General hospital is the largest hospital building in the Territories and is complete in every particular.

Edmonton has eight hotels of the various grades which are needed to accommodate all classes of trade. Rates range from \$1.00 to \$2.50 a day.

## Auction Sale

-OF-

Cattle, Horses, Implements,

## COUNCIL MEETING

A special meeting of the town council took place Wednesday evening, March 16th, in the council chamber. Those present were Mayor Short, Councillors Gallagher, Grierson, Ross, Fraser and Helmick.

Tenders for sewer piping were first taken up. Dobson Jackson & Fry, Ross Bros., J. A. Stovel, Evans Coleman & Evans, all tendered. Mr. Ashbridge was present and was consulted on kinds and qualities of piping. After considerable discussion it was moved by Councillors Gallagher-Fraser that the tenders for sewer pipe be referred to Mr. Ashbridge for further information, he to submit a report at a special meeting of the council to be held to-morrow, March 17th, at 5 p. m. Carried.

Tenders for cement were received from Dobson Jackson & Fry, J. A. Stovel, Ross Bros., John E. Graham, Evans Coleman & Evans. After a lengthy discussion it was moved by Councillors Gallagher-Fraser that the tenders for Ross Bros., for White Bros. London cement be accepted. Carried.

A tender for harness for the fire brigade team was received from the Great West Saddlery Company, the figure being \$115 if 21 inch collars, which the firm has in stock will suit and if not, the price being \$135. The tender for the set of ordinary harness was \$45. It was moved by Councillors Ross-Gallagher that the tenders be referred to a committee consisting of Councillors Grierson-Ross with power to accept the tenders should the harness be acceptable. Carried.

Report  
P. McNaughton, engineer, reported on tenders received on 500 and 1,000 horse power condensers for the electric light system. A 500 horse power condenser, although sufficient now, will be too small in a year and as there is not sufficient room for two five hundred horse power condensers at the power house Mr. McNaughton thought that it would be advisable to get the 1,000 horse power condenser. It was moved by Councillors Grierson-Ross that the tender of the Northey Co. of Toronto, for a 1,000 horse power condenser, be accepted. Carried.

Mr. McNaughton reported that all machines at the power house were running in perfect order. The question of damage from the delay at the power house was considered and also the claims of the Robt Engineering Company and the Canadian General Electric Company. On motion of Councillors Ross-Fraser the claims were referred to the town solicitor, he to report at the next regular meeting of the council.

Mr. Grierson was present and reported in connection with the pound by-laws. A suitable stable should be erected on the market square for the impounding of animals. Moved by Councillors Grierson-Gallagher that N. D. Beck be instructed to draw up an amendment to the town by-law to provide for the erection of a stable and also an amendment to the municipal ordinance to enable the town to use the market for the erection of this suitable stable for impounding animals.

A letter was read from W. Chipman, civil engineer, Toronto, re plumbing by-laws and water service connections. It was moved by Councillors Ross-Grierson that Mr. Chipman be informed that the council has no power to amend the by-law on the number of connections to a house and not according to the number of its occupants. The question of supplying flooring for impounding pens was brought up and on motion of Councillors Ross-Gallagher it was decided to supply the flooring for impounding pens that the government would erect.

By-law no. 261 in connection with raising the sum of \$25,000 to be expended in connection with the electric lighting system was considered. Moved by Councillors Grierson-Fraser that the by-law be provisionally passed and submitted to the ratepayers.

By-law no. 261 to provide for the raising of \$25,000 for the purchase of land for a C. N. railway site and for right of way, etc., was read a first and second time.

On motion of Councillors Gallagher-Fraser the time of sitting of the council was extended one hour.

On motion of Gallagher-Fraser rules 3 to 4 were suspended to permit of the third reading of by-law 267. On motion of Councillors Ross-Gallagher the by-law was provisionally passed and will be submitted to the ratepayers Monday, April 6th.

Mr. Gray was present and asked leave to pile electric light poles on the market square. The secretary-treasurer said that there were four poles out on Jasper avenue east upon which the poles could be piled.

On motion of Councillors Gallagher-Fraser the council adjourned to meet Thursday afternoon, March 17th, at 5 o'clock in the council chamber.

## MISSING.

Wanted the address of W. T. Bunney last seen at Tacoma, Washington, Jan. 1st, 1905, age 40, height 5 feet 7 in., weight about 150 lbs. Plain scar extending from eye to upper lip. ## Rain Coats Jackets And Skirts.

\* \* \* \*

## CHOICE SPRING STOCK JUST RECEIVED.

Styles and Prices RIGHT—Right as anything can be.

## OUR NEW BLOUSES

Will arrive in a few days.

## WE HAVE ON HAND

A few very attractive White Waists carried over from last season.

## THESE ARE NICE, DAINTY GOODS,

In many cases just as nice as the new goods now in transit. We might easily mix these with the new goods on arrival, and sell at full price, and no one would know the difference.

## THAT IS NOT OUR WAY OF DOING BUSINESS,

however. We like to start the new season with new goods only. These waists will go on the bargain counter to be cleared at old stock prices. These prices ought to clear them quick.

\* \* \* \*

Handsome lace-trimmed blouse, very stylish, were \$4.25, now \$2.75

Dainty tucked and embroidered Muslin, were 3.20, now 2 and 2.50

Neat Muslin, tucked and hem stitched, were 1.75, now 1.25

Dainty Spot Muslin, with lace insertion and tucking, was cheap at 3, now 2.25

White Cambrie, tucked, good value at 1, now 75c

Printed Percale, tucked, useful house waist, was 1.75, now 1.25

\* \* \* \*

## The supply of these is limited

Come while you can get your size. 50c. isn't much, but it is a whole lot to save on a \$1.25 Blouse.

## THE HUDSON'S BAY STORE

Edmonton.

Alberta.

We lead the West in Wall Paper, Crockery, and all House Furnishings.

## Mail Routes and Service.

H. LEDUC, O. M. I.

A. LEMARCHAND, O. M. I.

A. JAN, O. M. I.

## THE PLAY

Romero and Juliet drew the largest house of the week last night. An arrangement had been made between the hockey boys and the theatrical management so that the play did not begin until 9:30, in order to give an opportunity to attend both the match and the play. But the arrangement was not as fully known as it might have been and consequently a number of people who came at the usual hour had an unusually long wait, and the close of the play was postponed until after midnight. Notwithstanding these disadvantages there was the closest attention to the piece throughout, which is the strongest possible evidence of the talent with which it was presented. The costumes were correct and tasteful, and those of the leading people were rich as well. As the foundation of the play is love, uncompro-misable but pure, it is one of the few plays in which the heroine is the hero—or rather in which the heroine is more necessary than in that of the hero. That Mrs. Cornyn was perfect in the part, Juliet is the universal verdict. Lovely, passionate and true in life and in death, she was girl and woman idealized.

As Romeo Mr. Nelson was the ideal handsome, ardent and finally desperate lover whose impatience causes the catastrophe of the play. But the limitations of nature do not permit him to be to the life the Romeo of the playwright—impetuous, passionate, headstrong. He looks a good deal better man—more manly—than Romeo, but a man. It is on the boy's failings, that the main strength, that the play hinges. The same man may, "play" Rindell and Romeo exceedingly well. But he can't be both Rindell and Romeo. If he is the one he can't be the other.

The important part taken by Wm. Yale as Friar Lawrence is worthy of special mention. The part could not have been better taken in any way. Mr. Yale's specialties between acts were even funnier than ever. Miss Scott's singing was well received. She is always welcome, but the song was so catchy as those of previous evenings.

Hamlet to-night, commencing at 8:30. No postponement on account of the hockey match, as the play is long.

## IMMIGRATION

This, merely the opening of the immigration season, finds Edmonton with her hotels full and it is clearly evident the accommodation afforded by the immigration hall will not be sufficient for the crowds of immigrants which will inevitably come to Edmonton during the coming spring. C. W. Sutter, Dominion immigration agent, has taken the matter in hand and will erect large tents and furnish cooking stoves, etc. He approached the town council at its meeting Wednesday night and asked that they furnish flooring and benches for the tents. The council agreed to do this. The tents will be used by male immigrants while the immigration hall will be devoted to the accommodation of women and children. This plan will provide ample accommodation for any and all settlers coming to Edmonton.

## A DANGEROUS BLAZE

Early this morning while Constable Dean, on duty, was turning out the are light in front of Sommerville's hardware store, he suddenly noticed quite a volume of smoke pouring over the Grand Central Hotel. A hurried investigation showed the presence of a fire and he hurried to the fire hall and gave the alarm at 3:25. Seven minutes afterwards the fire engine, reels, etc. were at the fire. It was a small shed belonging to R. Mata, and immediately behind the Grand Central and close to other buildings. The fire burned rapidly and shortly after the alarm was given the shed was a mass of flames, and looked very dangerous. A large stream of water was turned on it from the new tank on McDougall street between Garvey & Lessor's stores and the Imperial Bank, which deluged the fire in a very few minutes. A cutter and buggy were stored in the building. The cutter was saved but the new \$135 buggy was burned. The brigade worked hard and kept the fire from spreading. The origin of the fire is unknown.

## CURLING

At the curling rink yesterday afternoon in the single competition for the McDonald cup Thomas defeated Blois by a score of 13 to 11.

Bellamy defeated Stewart yesterday afternoon for the Blue Ribbon cup. The draw between Stewart and Fraser for the Hardy cup did not take place last night but McDonald and Lauder played in the same competition and McDonald won by a score of 11 to 9.

The following draws will be played out to-night.

Morris vs. Fraser for the Shaw cup.  
Bryan vs. Rao for the Shaw cup.  
Campbell vs. Emery for the Blue Ribbon cup.
